

# Sprachkurse Campus Adlershof WS 05/06

Details und Anmeldung ab Ende September unter [www.sprachenzentrum.hu-berlin.de](http://www.sprachenzentrum.hu-berlin.de), Änderungen vorbehalten.

## ENGLISCH

UNIcert<sup>®</sup> II (Aufbaustufe)

### 91 001 For Students of Natural Sciences 1

The course is designed to develop all language skills with special focus on reading and writing on the basis of science-related and general interest topics. It also aims to revise and extend grammar. Final tests: writing a summary, reading, use of English (grammar / vocabulary). The course can be taken together with course 91002.

SPK            **Mo**            **11-13**            wöch.            RUD 26, 1'308            S. Geyer

### 91 017 For Students of All Departments: Academic English

This course is designed to give students from a variety of departments ample opportunity to improve all language skills with special emphasis on speaking and writing summaries. The course provides exercises to practise grammar and to boost both general and specific academic vocabulary. Final tests: speaking (giving a presentation); Use of English (Grammar/vocabulary test); Writing a summary.

SPK            **Mo**            **13-15**            wöch.            RUD 26, 1'308            S. Geyer

### 91 002 For Students of Natural Sciences 2

This course is designed to develop all language skills with focus on listening and speaking. Students will have ample opportunity to revise and boost their knowledge of grammar. The material provided involves both technical and general language. Final tests: listening, use of English (vocabulary / grammar). The course can be combined with the course 91001.

SPK            **Mi**            **13-15**            wöch.            RUD 26, 1'308            S. Geyer

### 91 032 For Students of Natural Science

The focus of this course is listening, reading and speaking. Students will be provided with reading and audio-visual materials from the natural and technical sciences. Essential grammar items will be dealt with. Active participation, the giving of a presentation and success in the final tests (reading and vocabulary/grammar) are the pre-requisites to obtain the Leistungsnachweis.

SPK            **Mi**            **15-17**            wöch.            RUD 26, 1'308            S. Geyer

### 91 004 For Students of Natural Sciences: Business English 2

The course is designed to help science students develop essential business skills such as negotiating, managing meetings, dealing with figures etc. Students will read authentic texts on a variety of topics (e.g. Ethics, Change, Cultures, Competition, Quality) to develop their reading skills and learn essential business vocabulary. Students will hear interviews with business people to further develop their listening skills. Grammar revision will focus on common problem areas at intermediate level. Final tests: Use of English (vocabulary/ grammar), writing and listening comprehension.

SPK            **Fr**            **09-11**            wöch.            RUD 26, 1'308            A. Völzke

### 91 003 For Students of Natural Sciences: Business English 1

This course is designed to help students develop essential business skills such as making presentations, taking part in meetings and managing telephone calls. Students will develop their reading and listening skills and learn essential vocabulary. Grammar revision will focus on common problem areas at intermediate level (tenses, comparison, conditionals, passive voice, modal verbs). Topics covered: Globalisation, Employment, Innovation, Organisation, Leadership etc. Final tests: Reading comprehension, Use of English (vocabulary/ grammar), Speaking (short presentation).

SPK Fr 11-13 wöch. RUD 26, 1'308 A. Völzke

## FRANZÖSISCH

AUFBAUSTUFE (UNICert® II, Voraussetzung: Abitur-Grundkurs, Brückenkurs, Äquivalent)

### 91 130 Basiskurs 1

Ce cours s'adresse aux étudiants de toute discipline désirant approfondir leurs connaissances de français sur la base de textes et de documents audio-visuels au vocabulaire général et scientifique. Les participants discuteront des réalités culturelles, sociales et administratives de la France contemporaine et des pays francophones (la société multiculturelle, les universités et les Grandes écoles, la liberté individuelle, la liberté de presse). La révision de grammaire portera notamment sur les sujets suivants: l'interrogation, les déterminants, les pronoms, la comparaison, la négation.

Lehrmaterial: "Forum 3" Hachette Verlag ISBN 2-01-155181-1

SPK Di 11-13 wöch. RUD 26, 1'308 M. Krause

### 91 138 Basiskurs 2

Compréhension orale et écrite

Ce cours est également destiné aux étudiants de toute discipline souhaitant perfectionner leur français en discutant divers problèmes du monde du travail et de l'Union européenne (les conditions de travail en ville et à la campagne, la protection de l'environnement, les nouvelles technologies). On travaillera sur des textes et documents audio-visuels au vocabulaire général et des articles au vocabulaire spécialisé. Seront traités les sujets grammaticaux suivants: Les temps du passé, les propositions hypothétiques, les participes, le subjonctif.

SPK Di 13-15 wöch. RUD 26, 1'308 M. Krause
